ABOUT

I am a student software developer with a keen interest in full-stack development and machine learning. I enjoy building complete web applications by working across both frontend and server-side components, focusing on clean design, functionality, and usability. Alongside full-stack development, I am actively learning and applying machine learning concepts to enhance applications and gain practical experience. I am driven by continuous learning and hands-on project work, and I am seeking opportunities where I can contribute to real-world projects, strengthen my technical skills, and grow in a collaborative and learning-oriented environment.

EDUCATION

BE.CSE(Artificial Intelligence and Machine Learning
CGPA-8.3

Kpr Institute of Engineering and Technology

2024 - 2028 Arasur, Coimbatore, Tamil Nadu

Higher Secondary and Secondary Schooling

Vellalar Matric.Hr.Sec.School

2021 - 2024 Erode, Tamil Nadu

PROJECTS AND CERTIFICATIONS

Smart Home Alert System - Project

06/06/2025 - Patent Publication Date

- Built an IoT-based Smart Home Alert System for home safety and automation.
- Implemented real-time sensor data flow to a web dashboard and wristband.
- Enabled remote lighting control and continuous environment monitoring.
- Ensured secure data handling between sensors, server, and client interfaces.
- Published the project pattern and led the system architecture and implementation.

Numora Calc and Image Gallery - Projects

Dec 2025

- Built a web calculator with advanced math functions, keyboard support, and a clean, responsive design with light/dark theme.
- And developed a responsive infinite image gallery with wave animations, category filters, draggable sliders, light/dark theme, interactive lightbox, and subtle visual effects

Certifications

2024 - 2025

- IIT Bombay Spoken Tutorial (C++,Advanced C++,Python 3.4.3) - Dec 2024 - May 2025
- IIT Bombay Spoken Tutorial (RDBMS Postgresql and Java) - Dec 2025
- SkillRack(Python,SQL,Data Structure and Java) - 2025
- NPTEL (Introduction to Industry 4.0) - Jul-Oct 2025

INTERNSHIPS AND ACHIEVEMENTS

INTERNSHIPS

- Completed a Frontend Development course on CodeAlpha(online). Built projects like a portfolio, calculator, and image gallery. Learned and practiced HTML, CSS, and JavaScript.
- Worked on a team project at Tekfilo, Coimbatore (offline). Developed a project collaboratively with team members. Gained practical experience and knowledge.

ACHIEVEMENTS

- Won prize with a cash award for (Smart Home Alert System) at the National Level Technical Project Exhibition (TECHNOMIND-2K25), Karpagam Institute of Technology, Coimbatore.
- Achieved a Price with Case Award for(Smart Home Alert System)at CMR Institute of Engineering and Technology, Bangalore and it delivered a functional solution under time constraints, showcasing teamwork, creativity, and problem-solving skills
